Business Analyst | Project Manager | Digital Transformation

Jakarta, Indonesia | +62 822-7883-7123 | tesahutagaolwork@gmail.com | linkedin.com/in/tesaputrihutagaol

PROFESSIONAL SUMMARY

Information Systems graduate with experience in project management, requirements analysis, digital solution development, and business process improvement. Skilled in identifying stakeholder needs, analyzing problems, and translating them into structured solutions and work plans. Experienced in leading cross-functional coordination for large-scale projects, including coordinating 80+ committee members for an event with 6,000+ participants. Analytical, adaptable, and results-oriented.

CORE SKILLS

Business Analysis • Requirements Gathering • Process Mapping • Project Management • Project Coordination • Stakeholder Management • Data Analysis • Problem Solving • Microsoft Excel, Word, and PowerPoint • Public Speaking • Customer Relationship Management (CRM)

RELEVANT EXPERIENCE

Project Manager | *Odama Studio* | *Creative Design Agency* **May 2023 – May 2024**

- Gathered client needs and expectations and translated them into a clear scope of work for the team.
- Developed schedules, allocated resources, and coordinated tasks to keep projects on track and aligned with targets.
- Led meetings and followed up with clients and internal teams to monitor progress and resolve project issues.
- Managed changes in client requirements by adjusting project scope, priorities, and execution plans.

IT & Public Service Intern | *BPSDMP Kominfo Surabaya* **Dec 2024 – Jun 2025**

- Identified user needs to support improvements to the BPSDMP website, including visual updates and new features.
- Identified user needs and addressed user issues during training programs and public service activities.
- Coordinated event preparation and execution with operations and IT technical teams to ensure stakeholder needs were met.

Product & Stakeholder Relations Staff (Freelance) | *Bank Indonesia* **Nov 2025**

- Guided visitors and invited guests on how to use the latest QRIS features during a product launch event.
- Identified user questions and needs regarding the newly introduced features to ensure the information and solutions provided were relevant.
- Coordinated with relevant teams to address stakeholder needs and ensure the event was carried out as intended.

PROJECTS

Decision Support System Website | New Student Admissions **2024**

- Analyzed requirements and selection processes to design a system workflow that supports decision-making in new student admissions.
- Developed a recommendation application to help users obtain selection results based on predefined criteria.

Go Wisata | UI/UX Design **2025**

- Designed a travel-planning application concept based on user needs and pain points.
- Developed user flows and digital solution concepts with a focus on usability and user experience.

Free Nutritious Meals Program (MBG) Sentiment Analysis | Final Project **2026**

- Analyzed thousands of TikTok comments to identify sentiment across five aspects of the Free Nutritious Meals Program (MBG).
- Processed and analyzed sentiment patterns to gain insights into public perceptions of each program aspect; the classification model achieved 86.1% accuracy.

LEADERSHIP & ACTIVITIES

Secretary General | *Generasi Baru Indonesia (GenBI)* | *Bank Indonesia Scholarship Recipient Community* **2024 – 2025**

- Managed organizational administration and internal coordination, ensuring communication and members' needs supported the implementation of work programs.
- Coordinated agendas and member requirements and collaborated with various stakeholders to keep work programs on schedule.

Opening–Closing Lead | *University Student Orientation Program (PKKMB)* **2024**
